“Our passion for hospitality and our experience in organising events and camps have led to the establishment of our B2B Branch”

Dear colleagues and partners,
We are pleased to introduce the BiHoliday B2B project. For over 50 years, BiHoliday has been dedicated to tourism, managing two owned resorts with more than 14,000 beds: one in Italy, near Caorle, and the other in Croatia, near Pula.
From our collaborations with tour operators, companies, and sports associations across Europe, our B2B division was created, with the goal of supporting you in organizing and welcoming your guests.
Over the years, our resorts have hosted an increasing number of events and gatherings, while our team has grown

in skills and expertise, becoming a multidisciplinary structure capable of managing every detail with a true “turnkey” approach.
Thanks to our in-house agency, BiBooking, we can take care of logistics, ticketing, rentals, entertainment, and team-building activities, further enriching the range of services available.
Our resorts enjoy a strategic location, close to ports, airports, and cultural landmarks. This privileged position allows our guests to easily reach some of the region’s most fascinating destinations.
The two camping resorts, in particular,

ILENIA CHERUBIN

offer quick access to Venice as well as to other Veneto cities of great historical and cultural value, recognized as UNESCO World Heritage Sites, such as Padua, Vicenza, and Verona. In addition, the proximity to the Brijuni Islands National Park and to the city of Pula—with its renowned Roman amphitheater and charming Venetian-style old town—further enriches the holiday experience, offering a perfect combination of nature, culture, and local tradition.
We also offer a wide range of sports and activities, including tennis, padel, five-a-side football, fitness, yoga, dune

buggies, jet skis, biking, sailing and diving schools, swimming pools, and an adventure park.

We hope to have sparked your interest and would be delighted to meet you to explore together a project that puts the tourist at the center as our shared customer, opening the way to concrete synergies.

She has long brown hair tied back and is wearing a dark blue blazer over a black and white striped shirt. The woman on the left is seen from the back, with long brown hair and wearing a pink top. The background is a blurred office space with windows and shelves.

A serene sunset scene over a body of water. The sun is a bright white circle on the horizon, casting a long, shimmering golden reflection down the center of the water. The sky is filled with soft, wispy clouds in shades of orange, yellow, and light brown. In the foreground, several dark buoys are scattered across the water's surface. On the right side, a small, dark inflatable boat with an outboard motor is visible. The overall mood is peaceful and contemplative.

04 Villaggio San Francesco and BiVillage

The Villaggio San Francesco in Caorle and the BiVillage Holiday Centre in Fažana, our two proprietary resorts, are surrounded by nature, in the greenery of maritime pine forests, a stone's throw from the sea, Venice and the Brijuni Islands.

An aerial photograph of a beach resort during the golden hour of sunset. The beach is filled with rows of lounge chairs and blue umbrellas. A large building with a grey roof sits in the background, surrounded by dense green trees. To the right, there is a swimming pool with a blue slide. The sea is visible on the left side of the frame.

The structure has various slides, platforms, and the brand name 'wibit' is visible on some parts. In the middle ground, a sandy beach is crowded with people, many of whom are sitting on towels or blankets. There are numerous colorful beach umbrellas and some small structures or stalls. The beach is bordered by a dense line of green trees. In the background, the sea extends to the horizon under a bright blue sky with scattered white clouds.
